ERA Window Snaplock for UPVc
Code: HA00056

HOME SECURITY

Window Snaplocks are a great addition to home security and offer instant piece of mind once secured in place.

INFORMATION

The ERA UPVC Snaplock is simply fitted onto a door or window and is snapped into place to secure the window or door to the frame.

The handle can easily be released for fast access through a window in case of an emergency.

ERA advise two locks per window for added security.

FEATURES

- Kit includes all fixings and fitting guide
- Simple to install and use
- For use on open-in or open-out windows
- White Finish
- No fitting jig is required
- Suitable for UPVC windows or doors
